

**Executive Board**

**12<sup>th</sup> Session**

**8-9 June 2010**

**WHO Geneva, Switzerland**

**Resolution n°10**

**Action name:** *Extension of Acceleration of Prevention of Mother-to-Child Transmission (PMTCT) and Scale-Up of Linkages to Paediatric HIV Care and Treatment*

**Organization (s):** UNICEF and WHO

The Board invites UNICEF to submit a revised proposal for a final one year extension of the project "Acceleration of Prevention of Mother-to-Child Transmission (PMTCT) and Scale-Up of Linkages to Paediatric HIV Care and Treatment" that addresses the following two conditions to the satisfaction of the UNITAID IEAG:

1. Adherence with the new WHO standard of care in the supported countries and clarification on whether the Mother-Baby Pack remains relevant in the context of the new WHO standard of care; and
2. The preparation of a clear project operational plan for a transition strategy, including the exhaustive documentation of current efforts to transition.

The Board will consider the revised proposal by electronic vote on teleconference.
