Resolution n°12

Launch of call for Letters of Intent

With reference to:

- EB9/4 and following onto the Executive Board decision that UNITAID hold a call on Viral Load (reference: Resolution EB13/14) in 2011;
- the discussions held during the Executive UNITAID Board Retreat, March 2011;
- the endorsement by the PSC to extend the scope of such a call to innovative approaches to promote rapid and extensive uptake of newer point-of-care and other simplified diagnostic platforms across the three diseases

and on the understanding that:

- a) authorizing the launch of such a call does not commit the Board to funding any of the ensuing proposals; and
- b) any proposals emanating from the Letters of Intent would be submitted to the Board for consideration and decision in Q1 2012, it is expected that the call would be launched in Q3 2011

the Board authorizes the Secretariat to launch a call for Letters of Intent.
