Resolution n° 10

Call for Paediatric ARV Letters of Intent

The Board acknowledges the need for action to sustain and reinforce gains previously made through UNITAID funded projects in relation to the scale-up of access to HIV paediatric anti-retroviral treatment and the development of HIV paediatric child friendly formulations.

The Board therefore requests the Secretariat to issue a directed call for Letters of Intent in the area of HIV paediatric ARVs and to identify any additional measures required to protect the investments and achievements made in this field.

A handwritten signature in blue ink, appearing to read "P. Douste-Blazy".
