

Resolution n°19-2023-e

Cost Extension for the Project ‘Scale Up Cervical Cancer Elimination with Secondary Prevention Strategy (SUCCESS)’

Recalling Unitaid Executive Board Resolution n°19-2019-e of 29 November 2019, in which the Board approved the commitment of up to US\$ 24,322,600 for the project entitled “Scale Up Cervical Cancer Elimination with Secondary Prevention” (the “Project”) to be implemented by the Expertise France for a three-year period;

Noting that on 25 March 2022, the Secretariat approved a no-cost extension of an additional 12 months, extending the funding period for the Project until 30 November 2023;

Considering the assessment by the PRC and the Secretariat’s recommendations, the Board authorizes, subject to availability of funds, the Executive Director to extend the duration of funding for the Project by a further 29 months to 30 April 2026 and to commit additional funding of up to US\$ 5,250,000 to the Project.

The additional funding and the extension to the Project duration are conditional upon the signature of a formal amendment to the grant agreement for the Project.

A handwritten signature in blue ink that reads "Marisol Touraine". Below the signature is a horizontal blue line.

Marisol Touraine
Chair of the Unitaid Executive Board
