

Resolution n°21-2022-e

Catalyse uptake of Under-utilised Tools & Treatment Simplification for HEPC (CUTTS HEPC)

Recalling Unitaid Executive Board Resolution n°11-2022-e of 4 July 2022, in which the Board provided its go-ahead for the development by the Unitaid Secretariat of a full grant agreement package for the proposed project '*Catalyse uptake of Under-utilised Tools & Treatment Simplification for HEPC*' (the "Project");

Acknowledging the recommendations of the Secretariat and the Proposal Review Committee, the Executive Board authorizes the Executive Director to commit up to USD 9,363,092 for the Project, subject to availability of funds.

Funding is conditional upon signature of a legal agreement between Unitaid and Médecins du Monde.

Lead Organization: Médecins du Monde

Project Duration: 4 years and 3 months

Marisol Touraine
Chair of the Unitaid Executive Board
