

Resolution n°32-2021-e

Cost Extension for the Project ‘Preventing deaths from cervical cancer by catalysing the use of optimal screening tests and treatment devices’

Recalling Unitaid Executive Board Resolution n°7-2019-e of 18 May 2019, in which the Board approved the commitment of up to US\$ 32,958,435 for the project entitled “Preventing deaths from cervical cancer by catalysing the use of optimal screening tests and treatment devices” (the “CHAI CxCa Project”) to be implemented by the Clinton Health Access Initiative (CHAI) for a 2.5-year period;

Taking into account the assessment by the PRC and the Secretariat’s recommendations, the Board authorizes, subject to availability of funds, the Executive Director to extend the duration of funding for the Project by 12 months to 31 December 2022 and commit additional funding of up to US\$ 8,059,700 to CHAI CxCa Project.

The additional funding and the extension to the Project duration shall not apply to the new COVID-19 related Outputs and are conditional upon signature of formal amendment to the grant agreement for the Project.
