

## Resolution n° 8-2020-e

### **Go-ahead for the development of grant agreement package on *Towards the elimination of congenital infection in Chagas Disease through better tools for diagnosis and treatment with Fiotec***

Recalling Resolution EB33/2019/R1 through which the Executive Board adopted a Framework to pilot an Agility Mechanism and taking account of the project proposal assessments of the Joint Review Committee;

The Executive Board provides its go-ahead for the development by the Unitaid Secretariat of a full grant agreement package within the Agility Mechanism Framework, for the proposed project *Towards elimination of congenital transmission of Chagas disease in Bolivia, Brazil, Colombia and Paraguay* (the "Project").

The Board authorises the Executive Director to commit funding for the Project subject to the availability of the funds within the Board-approved Agility Mechanism budget ceiling.

Funding is conditional upon signature of the grant agreement between Unitaid and Fundação para o Desenvolvimento Científico e Tecnológico em Saúde (Fiotec).

The Board also recalls that, in accordance with Resolution EB22/2015/R3, the Secretariat may use the Project Preparation Facility to support the effective development of the grant agreement for this proposal.
